

Burch Finance Club Organized the Seminar on the Job Opportunities in the Insurance Sector

On Wednesday 29 March 2017, the Finance Club organized its second event which gave students of Economics and Social Sciences opportunity for a job in an insurance company.

The lecturer Armin Fazlic is the counselor in the Safe Life, the account manager in Holland media company Navingo BV, and also a student of master studies at the School of Economics and Business in Sarajevo. The topic of the seminar was current retirement system in Bosnia and Herzegovina and its disadvantages. The pension system in BiH relays on the relations between generations, and it is about to change in near future. The lecturer has the solution for those disadvantages – Safe Life!

Safe Life is life insurance program where the saved money provides future retirement income. This company is one of the branches in the Grawe insurance, which is specific for its big insurance cover and adjustment.

The visit of the counselor in the Safe Life company helped students understand the system of one's career improvement in this company. The working time is flexible, as the salary in accordance of effort given.
